OptiSnap® Single-Mode Field-Installable Connector Tool Kits

A Corning Cable Systems Product

features and benefits |

Minimal setup and teardown time	Allows installers to get in and out of installation sites quickly: no work surface needed
Fastest termination, highest installation yields and no consumables	Lowest installation costs
Go/no-go feedback technology	Immediate indication of successful termination
Convenient carrying case	One tool kit for ST® Compatible, SC and LC Connector types UPC and APC

With proven field-installable connector technology, fiber terminations using the OptiSnap® Connector system are fast, easy and reliable. The Corning Cable Systems high-precision mechanical splice technology enables fiber optic networks to be installed quickly and cost effectively. The Corning Cable Systems go/no-go feedback signal allows the installer to verify that the installation is performed right, the first time, every time. Insert the fiber, activate the cam and watch the pass/fail light illuminate, instilling confidence in every connector installed. The single-mode OptiSnap Connector is available in an ultra physical contact (UPC) polish or an angled physical contact (APC) polish (SC only), offering you a higher grade of performance for your field terminations. With fast installation time and low insertion loss, the OptiSnap Connector system provides a good alternative to fusion splicing. Installation is as easy as strip, clean, cleave, cam and crimp.

OptiSnap® Single-Mode Field-Installable Connector Tool Kits

A Corning Cable Systems Product

ordering information |

Part Number	Description
TKT-OPTISNAP-CF	OptiSnap® Connector Installation Tool Kit with flat cleaver, includes installation tool, flat cleaver and all required fiber preparation and cleaning supplies, gray case
TKT-OPTISNAP-CA	OptiSnap Connector Installation Tool Kit with angle cleaver, includes installation tool, angle cleaver and all required fiber preparation and cleaning supplies, green case
TKT-OPTISNAP-CC	OptiSnap Connector Installation Tool Kit with ClearCurve® compatible angle cleaver, includes installation tool, ClearCurve angle cleaver and all required fiber preparation and cleaning supplies, black case
FBC-014	Individual Angle-Fiber Cleaver (green), compatible with 250 µm coated fiber
FBC-009	High-Performance Precision Flat Cleaver with diamond blade and fiber handlers
FBC-016	Individual Angle-Fiber Cleaver (black body/green buttons), compatible with all ClearCurve fiber cables
FBC-14-15-16-Blade	Replacement Blade for the fiber cleaver
VFL-A125	LC 1.25 mm VFL Adapter
VFL-A250	Standard Ferrule 2.5 mm VFL Adapter
VFL-AKIT	LC 1.25 mm and standard 2.5 mm Ferrule VFL Adapter
CLEAN-STICKS-125	1.5 mm Ferrule Cleaning Sticks
CLEAN-STICKS-250	SC and ST Compatible 2.5 mm Ferrule Cleaning Sticks
FCC-CLEANER-FIBER	Bottle of Corning Fiber Cleaning Fluid
FCC-WIPES	Package of Corning Wipes

Note: Individual OptiSnap Connector installation tools are available for order. Please contact Corning Cable Systems Customer Care.
